Supporting PPE Best Practice

February 9, 2021

<p>What's New?</p>	<p>A PPE Practice Support Bundle has been developed to support leaders to achieve PPE Best Practices with all staff and medical staff.</p> <p>Choose the 'Educational Materials' accordion and in the section 'PPE Best Practice Support Bundle', review and use these tools with your team.</p> <p>A slide presentation to review and use with area leaders:</p> <ul style="list-style-type: none"> • PPE Best Practice Support Bundle with speaker's notes <p>Tool for implementing PPE Peer Observation Audits:</p> <ul style="list-style-type: none"> • Donning and Doffing PPE: Peer Observation Tool <p>Tool for collating data for analysis to inform strategies:</p> <ul style="list-style-type: none"> • PPE Audit Tool Template
<p>Why?</p>	<p>In recognition of the need for ongoing reinforcement and refresher support for PPE Best Practice across the site, this practice support package has been created for leaders across the site.</p>
<p>How does this affect my practice?</p>	<p>Work with your area operational and medical leaders to put the PPE peer observation audits into action. Leaders will be collating data for reporting across the site.</p> <p>Choose the 'Educational Materials' accordion and in the section 'PPE Best Practice Support Bundle', review and use these tools with your team.</p> <p>Continue to review ePOPS documents to ensure understanding of practice requirements.</p>
<p>How do I find out more?</p>	<p>See the front page of ePOPS for COVID-19 Resources and check regularly for updates and added resources. For access to all Policy & Procedure documents search ePOPS</p>
<p>Who do I contact for further information?</p>	<p>Contact your leader, area educator or professional practice leader for additional information.</p> <p>Contact IPAC at ipacs@cw.bc.ca for specific Infection Prevention and Control questions.</p>
