

Recipe-Based Formulas (Keto)

For Ketogenic diets, select **Ketogenic Diet**

1. Search **PED Neuro Keto Module**.

2. This will populate all the relevant orders and you can select the appropriate diet/formula order for the patient. Right-click **Modify** on the appropriate diet.

Diet/Nutrition	
	Refer to Ketogenic Management: Physician Guideline
	Refer to Management and Monitoring of Inpatient Ketogenic Diets
	Review the most current diet order for therapeutic requirements, food texture and fluid thickness. Add anything to be carried forward to the new Diet Order
	Consultation with dietitian is required. On weekends page on-call dietitian
