

Please use this checklist to personalize your CST Cerner Account in preparation for using CST Cerner in outpatient clinics

<b>Ambulatory Organizer</b>	
<input type="checkbox"/> <a href="#">Set Up Ambulatory Organizer</a>	
<b>Referral Management Triage List</b>	
<input type="checkbox"/> <a href="#">Create, Save and Run Lists in Referral Management</a>	
<p><b>Patients who are referred and ready to be triaged:</b>                  Location: Clinic                  Referral Status: Ready for Triage +/- Redirected                  Attending Provider: blank if for whole clinic</p>	<p><b>Patients who have been triaged and accepted:</b>                  Location: Clinic (if applicable)                  Referral Status: Accepted                  Attending Provider: blank if for whole clinic</p>
<b>Provider View</b>	
<input type="checkbox"/> <a href="#">Customize Workflow Tabs (in Provider View)</a> <ul style="list-style-type: none"> <li>o Add Tabs: Outpatient Chart, Outpatient Quick Orders, Referral Triage</li> <li>o Customize Components</li> </ul>	
<b>Orders</b>	
<input type="checkbox"/> <a href="#">Customize Order Profile</a> <input type="checkbox"/> Add additional orders and powerplans to your favourites: <ul style="list-style-type: none"> <li>o <a href="#">Create Favourite Folder for Orders</a></li> <li>o <a href="#">Add Orders Favourites Folder</a></li> <li>o <a href="#">Add PowerPlan to Favourites Folder</a></li> <li>o <a href="#">Search for other providers' favourited orders</a></li> <li>o <a href="#">Remove favourited Powerplans</a></li> <li>o <a href="#">Add your Favourites Folder to the Quick Orders Tab</a></li> </ul>	
<b>Message Centre</b>	
<input type="checkbox"/> <a href="#">Manage Inbox</a> <ul style="list-style-type: none"> <li>o <a href="#">Proxy into Clinical/Institutional Entities Inbox</a> – not all clinics have a Clinic Inbox, typically for clinics with rotating providers who need to view/flag lab and diagnostic results the day they are on shift.</li> <li>o <a href="#">Opt In and Out of Message Centre Pools</a> – Pools function similarly to Clinic/Institutional Entity Inboxes, however when results are reviewed/actioned in a pool's inbox, they drop off both the pool's and ordering physician's inboxes. Results actioned in a Clinic Inbox remain available in the ordering physician's individual inbox until reviewed from the individual inbox.</li> </ul>	
<input type="checkbox"/> <a href="#">Manage Results FYI in Message Centre</a> : subscribe to a patient for result notification	
<input type="checkbox"/> <a href="#">Opting Out of Results</a> : Clinic Cycle 1 providers are automatically opted in to receive results in message centre. Providers with a private EMR will have results duplicated, sent to private EMR and CST Cerner message centre.	
<b>Auto Text</b>	
<input type="checkbox"/> <a href="#">Create and Insert Auto Text</a> <input type="checkbox"/> <a href="#">Copy Autotext</a> from your colleagues	
<b>Patient List</b>	
<input type="checkbox"/> Create <a href="#">Patient Lists</a> : <ul style="list-style-type: none"> <li>o <a href="#">Create a Location Patient List</a></li> <li>o <a href="#">Create a Custom Patient List</a></li> <li>o <a href="#">Create a Relationship List</a></li> </ul>	
<b>Documentation</b>	
<input type="checkbox"/> <a href="#">Add Favourite Documentation Recipients</a> <ul style="list-style-type: none"> <li>o <a href="#">Stop Automatic Distribution via Excelleris</a> <ul style="list-style-type: none"> <li>▪ Provider, Do Not Auto Distribute PCP</li> <li>▪ Provider, Do Not Auto Distribute Referring</li> <li>▪ Provider, Do Not Auto Distribute Author</li> </ul> </li> <li>o <a href="#">Copy Patient via Health Gateway</a> <ul style="list-style-type: none"> <li>▪ Provider, Copy Patient Report</li> </ul> </li> </ul>	
<input type="checkbox"/> <a href="#">Forward Note to Favourite and Defaulted Recipients</a> - You can create a list of regularly cc'd recipients, rather than searching for them each time while creating/signing documentation.	
<input type="checkbox"/> Documentation Filters: <ul style="list-style-type: none"> <li>o <a href="#">Documentation Filter (Blue Table of Contents)</a></li> </ul>	
<input type="checkbox"/> <a href="#">Changing Document Filter through Documents Component on Workflow Tab</a> (e.g. filtering for allied/nursing-specific documentation). Note, selected filters remain unchanged at user level until the user revises selection.	

# CST Provider Account Personalization Checklist – Outpatient
