Topic	Practice
TOPICS INCLUDED IN DAILY PRACTICE UPDATE (n =4 )	
<b>Daylight Time Change</b>	<p>CST Cerner - Daylight Time Change. At 2 a.m. PST on Sunday, March 13, the time will leap forward to 3 a.m. PDT, due to the daylight time change. CST Cerner will be available and fully functional during the time change.</p> <p>For providers who order PowerPlans with days of treatment, <a href="#">read this memo</a> regarding an alert that may be observed in the days preceding daylight savings time.</p> <p>There will be no changes in system functionality after the time change.</p>
<b>Placing NPO orders</b>	<p>At BCWH:</p> <ul style="list-style-type: none"> <li>● Place an NPO order to discontinue oral diets (meal) and all feed orders</li> </ul> <p>At BCCH:</p> <ul style="list-style-type: none"> <li>● An NPO order will ONLY discontinue an oral diet order (meal tray); tube feed orders and oral supplement orders remain active</li> </ul> <p>If your patient requires ALL SOURCES of nutrition to be stopped (oral and enteral nutrition formulas),</p> <ul style="list-style-type: none"> <li>● Enter an NPO order (this will cancel meal tray)</li> <li>● Enter a DISCONTINUE feeds (this will cancel EBM/formula orders) or DISCONTINUE oral supplement</li> </ul> <p>To place a patient NPO for a distinct amount of time (e.g. 4 hour pre and post extubation):</p> <ul style="list-style-type: none"> <li>● Do NOT change the diet or feed order</li> <li>● Place a COMMUNICATION order specifying NPO time</li> </ul> <p>See <a href="#">CW CST Daily Practice Update - All Staff Feb 27.pdf (healthbc.org)</a>            See <a href="#">ePOPS CST Nutrition Practice Pointers</a></p>
<b>Do not copy and paste images into documentation</b>	<p>Only text is to be inputted into dynamic documentation. <i>Cutting and pasting images</i> into the system is not currently supported and causes multiple downstream issues, such as Excelleris distribution failures.</p>

Documents with images, pictures, or other visuals should continue to be placed in the patient's chartlet. Images placed into the chartlet can be scanned by Health Records.

## Viewing a Preliminary Note/Document

To view a *Preliminary/In Progress* notes or document:

1. When the author (medical student or resident or fellow) signs the *Preliminary Note*, then it is visible.
2. The consultant can view for edit/review and signature in their *Message Center*
3. *Preliminary Notes* are located in the Inbox folder under Documents. To Sign/Review documents, double-click and select *note*. These documents are marked as *In Progress* under *Description*.

Assigned	Author	Create Da...	Description	Due Date	From	Notification C...
Cerner Test, P...	Cerner Test, E...	11/13/2015 3:...	In Progress		Cerner Test, E...	Finalize

4. Preliminary notes can be seen in the Documents component in the workflow, in an in progress section.
