

Mental Health Act Forms 4 and 6 on CST STANDARDIZATION – DOCUMENTATION

OVERVIEW

On **Monday Sept 26 at 1300** Mental Health Act (MHA) functionality is changing in CST Cerner.

The following changes will optimize the MHA process in CST Cerner:

- ❑ After completing Form 4 and Form 6 **PowerForms**, providers must initiate respective Form 4 and Form 6 **PowerPlans**, which automatically sends communication orders to nurses and allied health staff to complete the supplementary forms after these **PowerPlans** are ordered.
- ❑ **MHA Form Tracker** will be available for Nurses and allied health staff to enter form completion dates and track completed MHA Forms in Interactive View.
- ❑ The Form 4 and Form 6 **Expiry Alert** will provide Clinicians with notifications to renew appropriate forms before their expiry date and time.

Only Forms 4 and 6 can be entered into the CST electronically, and are thus called, PowerForms. All other forms can be printed from **FormFast WFI**, completed on paper and uploaded to CST.

KEY PRINCIPLES

Ensure:

- ✓ Important communication with the care team regarding involuntary status
- ✓ Proper communication within the team of associated forms requiring completion

Confirm:

- ✓ Correct expiry date of the form is entered in the order details
