

TRANSPORT TICKETS – INTERIM GUIDANCE STANDARDIZATION – PROCESS

HIGHLIGHTS

- ▶ On transfer, if a patient is **not accompanied by the transferring primary nurse/clinician**, print a Cerner transport ticket and add it to the patient's chartlet
- ▶ Please continue to use C&W Transport Tracking to request a porter for transfer

KEY POINTS TO REMEMBER

- Cerner Transport Tickets contain important patient and transfer information (e.g. allergies, process alerts, sensory deficits, motor restrictions, and belongings)
- C&W Transport Tracking is an app that allows clinicians to submit requests for the transport of patient, lab samples, and equipment within the hospital.
- Follow instructions on CST Cerner Help below for completing and printing Cerner Transport Tickets
