How to Complete the Transfusion Reaction Report Form

The transfusion reaction report form (TRRF) is available in **paper format** only. It is **not available on ePOPS** if you cannot find a TRRF on your unit, call TML and ask for a form. **DO NOT FAX** the form to TML; send via pneumatic tube system or porter service.

1. **Pt and blood product checks are identical:** YES or NO

2. **If NO, (an error has occurred)** contact TML IMMEDIATELY another patient may be at risk!

3. **T8 outpatient clinic, MDU & Renal Unit are Outpatient**

4. **Highest temp is needed for definition of fever**

5a. **Blood product e.g. Platelets or IVIg**

5b. **Infusion pump, filters or equipment Used:** tick all that apply

6a. **Treatment measure taken:** Click all measures that apply. Use “Other” to enter additional information.

6b: **Please sign as well as print name. A print name improves identification of the contact person if follow up is required.**

*Use Cerner Label to give patient details*

*Category from standardized list e.g. Medical or Obstetrics*

*C&W specific location e.g. T6 or Cedar*

*Diagnosis & Indication for transfusion are both needed as they may differ*
